Memoriam.

Whereas, in the sudden and unexpected death of our worthy Brother Joachim Ritz, we recognize the will of an All Wise Providence, in having deprived, not only our beloved Order of one of its most devoted members, but also our community of one of its most industrious, honest and law abiding citizens;

Therefore be it Resolved, that to his grief stricken mother and also to his relatives, we extend our heartfelt sympathy and condolence; and trust that the Supreme Ruler of the universe, the author of all good, assuage their grief and comfort and console them in their sad bereavement, and be it further resolved that the Las Vegas "Gazette," the New Mexico "Herald," and the "Optic" be requested to publish these resolutions and that a copy of the same be forwarded to the parent of our said constituted Brother.

Signed, Thomas B. Garrell,

Precaution.

This is the season of the year, when stove flues should be examined for defects and every possible precaution taken against fire.

It would be very strange, if amid the haste, with which the new town was built, some crevice or misjoint was not left, which may, during the blustering days now approaching, lead to a conflagration and disaster. In any event it will not cost much to institute a careful investigation and the same may prevent a total wreck and no insurance. No one enjoys such a misfortune, unless, perhaps, it would be the reportorial field, who wrapped in the gloom of early morning, would pencil the event. Further than this, it would not be out of order to have a regularly organized fire company, so that some system would be displayed in case of a fire. Such misfortunes as befel Deadwood and Lake City, in the autumn, would be a sad calamity indeed at this season of the year. A word to the wise.

NEW DISCOVERIES.

Mr. Charles F. Maxon arrived last Sunday from the Picturis mines bringing with him some excellent specimens of ore from the new discoveries made in that vicinity. Assays on the ore run from one hundred to eleven hundred dollars, per ton in gold and silver. One discovery is on this side of the mountains. There is good mineral veins throughout that country and Mr. Maxon thinks prospectors cannot fail to strike it. He is in company with Wm. Taylor, will reside in the mining camp.

THE BALL.

The dance given last night at Chapman's Hall, by the Old Las Vegas Social Club was largely attended. It was the inaugural ball of the season and the opening of Chapman Hall as a place of public entertainment. The Hall has been constructed in the last few months by Mr. Chapman of this city and especially designed for balls, soirees, parties, concerts, lectures, etc. It is conveniently located, well built and handsomely finished. This hall was crowded last evening with youth, beauty, gallantry courtesy, etc. and all the representatives of a polite and cultivated society.

MARRIED.

A very pleasant affair occurred at the Parkerhouse yesterday afternoon unknown to most of our townspeople. It was the occasion of the wedding of Mr. Levi M. Spear of Rito Quemado, New Mexico and Miss H. Hoexter of New Haven, Conn. The parties met each other in the east some time since and have been acquaintances for some years. Miss Hoexter arrived on the morning train and was met by Mr. Spear who arrived the evening before, fully prepared to enter the bonds of matrimony which were finally sealed by Judge Morrison about 4 o'clock, yesterday afternoon. Mrs. Kohn of Las Vegas, Miss Laura A. Gay, Miss Ahne Newcomb of Boston, Mass., acted as bride maids and Messrs. Chas. A. Newton, Robert A. Jackson of Boston acted as bestmen.

Among those present were several of the guests of the Hotel as well as Mr. Parker and Mr. Sumner and Lady Proprietor, and managers of the House.

The ceremony was followed by an elegant repast which was enjoyed by the whole party, and thanks are due to Mr. and Mrs. Sumner for their able management.

The happy couple leave this morning for their home where Mr. Spear is engaged in buying and selling stock, merchandise, etc., and is considered a very successful merchant, we congratulate them upon their new life and may their future be one long day of sunshine.

This morning at about the hour of two a.m., the patient watcher for celestial phenomena was rewarded by a fine display of falling stars, periodic shower of November meteors. The exhibition was not particularly startling, but well repaid observation.

Owing to the non arrival of paper in time, publication of the Weekly Gazette has been delayed one day later than usual. It will be distributed and mailed to-morrow.
